## Education

---

**KIIT University, Bhubaneswar, Odisha**

*Bachelor of Technology in Computer Science*

**Aditya Academy Secondary School**

*Grade 12, CBSE*

**Aditya Academy Secondary School**

*Grade 10, CBSE*

**CGPA: 8.28**

*Sep 2022 – May 2026*

**Percentage: 80.0%**

*Mar 2020 – May 2022*

**Percentage: 83.2%**

*Mar 2020*

## Technical Skills

---

**Programming Languages:** Java, C, JavaScript, TypeScript

**Frontend Development:** React.js, Next.js, HTML, CSS

**Backend Development:** Node.js, Express.js, Next.js API/Server Actions

**Database Management:** Firebase Firestore, MySQL

**Version Control:** Git, GitHub

**Other Tools:** REST APIs, Responsive Design, Agile Development

## Projects

---

### Real-Time Chat Application

- **Technologies:** HTML, CSS, JavaScript, Firebase, React
- Built a real-time chat application enabling seamless user communication.
- Integrated Google Sign-In authentication and Firebase Firestore for real-time messaging.
- **Outcome:** Enhanced skills in Firebase integration and real-time user interaction.
- **Live Demo:** chat-app-alpha-ivory-12.vercel.app — **Source Code:** GitHub Repository

### Gemini Clone Using API

- **Technologies:** React, Node.js, REST APIs, Firebase Firestore
- Developed a web application replicating core features of the Gemini platform for cryptocurrency tracking.
- Integrated external APIs to fetch real-time cryptocurrency data and implemented search and filtering functionalities.
- Designed an intuitive user interface for browsing market trends and individual asset details.
- **Outcome:** Gained proficiency in API integration and dynamic data visualization.
- **Live Demo:** gemini-clone-sigma-steel.vercel.app/ — **Source Code:** GitHub Repository

### Portfolio Website

- **Technologies:** HTML, CSS, JavaScript, React
- Developed a responsive portfolio website showcasing projects and achievements.
- Optimized design for mobile and desktop platforms using reusable React components.
- **Outcome:** Improved visibility of personal projects and skills for potential employers.
- **Live Demo:** apurvamukherjee.github.io/Portfolio/ — **Source Code:** GitHub Repository

## Key Achievements

---

- Maintained a strong academic record with a CGPA of 8.28 in Computer Science Engineering.
- Delivered two major web projects, showcasing expertise in full-stack development.
- Proficient in agile development methodologies and collaboration using GitHub.
